

To Whom It May Concern;

I am a resident and businessperson here in Dallas Oregon, Polk county and I support transitional housing for the homeless people within our community. Providing housing for families and individuals experiencing homelessness will help both them and our community by lessening the burden placed on hospitals and other resources, which many studies have proven. The issue of homelessness needs to be addressed now! It's not going away anytime soon and it's up to communities to work together now.

I support Church at the park in their efforts to provide a safe source of transitional housing here in Polk county.

Sincerely,

Paulette Headley-Belleque
