To Whom It May Concern:

I am writing to express my support for Church @ The Park and to convey my unwavering endorsement of the significant impact it has on Polk County. We believe that a safe and stable place for people to sleep is a critical step toward self-sufficiency and that people do better when they have an option in their community.

The C@P outreach team has already connected with people in our community and is making a significant difference in Falls City and we appreciate their efforts. They attend Service Integration team meetings in our community to stay connected to local partners and resources which enables others to connect with them. The outreach team continues to make efforts to get to know our community and the people in it.

I believe that by rallying behind Church @ The Park we are not only making a positive difference in the lives of individuals directly affected by houselessness but also contributing to the greater good of Polk County as a whole. The efforts put forth even without a micro shelter in Polk County prove the dedication of Church @ The Park. I am inspired by their dedication and passion exhibited by their leaders and employees.

In times like these, it is crucial to stand together in support of initiatives that promote positive change and address pressing issues faced by our community. Church @ The Park embodies the spirit of resilience, empathy and collaboration and it is with great enthusiasm that I extend my full support. Please do not hesitate to reach out to me if you have any questions.

Thank you,

Amy Houghtaling
City Council President, City of Falls City
